

LV Prasad Eye Institute

EyePEP 2020

Education meets excellence

27 July - 2 August 2020

Venue: L V Prasad Eye Institute, Hyderabad

Contact: education@lvpei.org

Dear Postgraduate students,

EYE PEP has always been about guiding postgraduate students in the right direction. It has played a catalytic role in helping them realize their full potential in the field of ophthalmology for many years now. This will be the 13th consecutive EYE PEP. To benefit large number of post graduate students, we will be holding two EYE PEP's. (i.e twice a year, last week of July & January)

This year, we have modified the program to provide close to 1000 'Clinical and Surgical Pearls. These are interactive sessions, which will encourage active participation. By end of the program, participants would have benefited immensely in terms of practical knowledge and the ability to face their exams in a confident manner. Additionally delegates will realize the full potential and areas to explore in the vast field Ophthalmology and Visual Sciences.

The Grand Round and Quiz Competitions will be held this year too and an interactive exam oriented session will be a part of the session. All participants are encouraged submit cases for grand rounds and participate actively in the quiz and entertainment program as well.
