

Sunday, 10 September 2023

4:00 - 8:00pm (IST)

Program Schedule

Duration: 16:00 - 20:20 IST

16:00-16:05 Introduction to the webinar: Dr Raja Narayanan

Session 1: 60 minutes

Theme: Spark of Insight: Illuminating Inherited Retinal Dystrophies through Electrophysiology

Moderator: Srikanta Kumar Padhy

Panellists: Ajoy Vincent, Parveen Sen

16:05 - 16:25 15 minutes +
5 minutes discussion Unlocking New Horizons: Exploring Extended ERG Protocols in Diverse Retinal Dystrophies Anthony Robson16:27 - 16:47 15 minutes +
5 minutes discussion Electronegative ERG Omar Mahroo16:50 - 17:05 10 minutes +
5 minutes discussion Brainstorming Rapid Fire Cases Srikanta Kumar Padhy

Session 2: 60 mins

Theme: Beyond Full Field ERG - Unveiling the Secrets of Pattern and Multifocal ERG in Inherited Retinal Dystrophies

Moderator: Deepika C Parameswarappa

Panellists: Anthony Robson, Oliver Marmoy

17:10 - 17:30 15 minutes +
5 minutes discussion Pattern ERG - the electrophysiology bridge - case based discussions Dorothy Thompson17:32 - 17:52 15 minutes +
5 minutes discussion Beyond the Ordinary: Exploring the Clinical Applications of Multifocal ERG in Retinal Disorders Michael Hoffmann17:55 - 18:07 8 minutes +
4 minutes discussion Unmasking the Mystery: Understanding and Managing Occult Macular Dystrophy Tapas Ranjan Padhi

Session 3: 60 mins

Theme: Decoding the Genetic Puzzle: Unravelling Genotype-Phenotype Correlations in Inherited Disorders

Moderator: Srikanta Kumar Padhy

Panellists: Subhadra Jalali, Omar Mahroo

18:10 - 18:30 15 minutes +
5 minutes discussion Precision Phenotyping and its Role in Interpreting Non-Coding Genetic Variants Ajoy Vincent18:32 - 18:52 15 minutes +
5 minutes discussion Connecting the Dots: Genotype-Phenotype Correlation in Retinitis Pigmentosa and Beyond Parveen Sen18:55 - 19:07 8 minutes +
4 minutes discussion Genetic Riddles Unleashed: Rapid-Fire Cases and Genotype-Phenotype Correlation in Inherited Disorders Deepika C Parameswarappa

Session 4: 70 mins

Theme: Seeing Beyond the Shadows: Advancements in Therapy for Inherited Retinal Dystrophies

Moderator: Deepika Parameswaran

Panellist: Brijesh Takkar, Raja Narayanan

19:10 - 19:25 10 minutes +
5 minutes discussion Prerequisites for Setting Up Gene Therapy in Asia Kaoru Fujinami19:27 - 19:42 10 minutes +
5 minutes discussion Cellular Visionaries: Advancements in Cell Therapy for Inherited Retinal Dystrophy Rajani Battu19:45 - 20:00 10 minutes +
5 minutes discussion Gene Therapy in India: Transforming the Landscape of Genetic Medicine Poornachandra20:02 - 20:17 10 minutes +
5 minutes discussion CRISPR Gene Editing for Retinal Dystrophies Mayank Bansal

20:18 - 20:20 Vote of thanks: Dr Subhadra Jalali
