

# Clinical Internship in Optometry

July 2023 - July 2024

### Objective

To provide hands-on experience and enhance patient care management skills through intensive practical training under the expert guidance of LVPEI faculty.

### Program Structure

In 13 months of clinical training, every trainee will be rotated through comprehensive and subspecialty clinics.

### Highlights

1. Case-based learning
2. Exposure to numerous clinical cases
3. State-of-the-art clinics
4. Case presentations (Class 2 Clinics)
5. Hands-on training
6. Consuming Knowledge Consciously (CKC) - bridging the gap in theory to support clinical training

### Instructions for Online Application

- Fill the online application form, upload the relevant certificates, and submit the form
- Pay the online application fee
- Note that your application submission is successful only after paying the application fee
- Any incomplete forms will be disqualified if the documents and relevant certificates are not mentioned above are not attached
