

# POIESIS-II

To make or create

21 May 2023

LV Prasad Eye Institute

Venue: Level-6, Patodia Auditorium, KAR Campus

| Time            | Topic  | Speaker  |
|-----------------|--|--|
|                 | <b>Theme: Imaging</b>                        |  |
| <b>8:45 am</b>  | Welcome address by <b>Dr Prashant Garg</b>   |  |
|                 | Imaging in Inherited Retinal Disease         | Panel:<br>Dr Subhadra Jalali<br>Dr Brijesh Takkar<br>Dr Suman Sahu       |
| <b>9:00 am</b>  | Imaging in IRD – a case-based approach       | Dr Rajani Battu  |
| <b>9:20 am</b>  | AOSLO imaging of the human retina in disease | Dr David DiLoreto  |
| <b>9:40 am</b>  | Fundus autofluorescence in IRD               | Dr Deepika Parameswarappa  |
| <b>9:50 am</b>  | What's trending now?                         | Dr Abhishek Upadhyaya  |
| <b>10:00 am</b> | <b>Discussion</b>                            |  |
|                 | Imaging in Diabetic Retinopathy              | Panel:<br>Dr Brijesh Takkar<br>Dr Niroj Kumar Sahoo<br>Dr Raja Narayanan |
| <b>10:10 am</b> | UWF imaging in DR                            | Dr SriniVas Sadda  |
| <b>10:30 am</b> | Wide angle OCTA in DR                        | Dr Padmaja Kumari Rani   |
| <b>10:40 am</b> | Biomarker based management of DME            | Dr Ritesh Narula   |
| <b>10:50 am</b> | What's trending now?                         | Dr Sumanth Varma   |
| <b>11:00 am</b> | <b>Discussion</b>                            |  |
|                 | Choroidal imaging and macula                 | Panel:<br>Dr Ritesh Narula<br>Dr Niroj Kumar Sahoo<br>Dr Raja Narayanan  |
| <b>11:10 am</b> | Choriocapillary imaging                      | Dr SriniVas Sadda  |
| <b>11:30 am</b> | Intervortex venous anastomosis               | Dr Umesh Chandra Behera  |
| <b>11:40 am</b> | Contrast ultrasound for choroidal tumours    | Dr Vishal Raval  |
| <b>11:50 am</b> | What's trending now?                         | Dr Kiran Chandra   |
| <b>12:00 pm</b> | <b>Discussion</b>                            |  |
| <b>12:10 pm</b> | <b>Lunch</b>                                 |  |

|                |   |   |
|----------------|---|---|
|                | Imaging in retinal surgery  | Panel:<br>Dr Mudit Tyagi<br>Dr Aditya Kapoor<br>Dr Rajeev Reddy Pappuru       |
| <b>1:30 pm</b> | Intraoperative OCT in retinal surgeries   | Dr Vinod Kumar  |
| <b>1:50 pm</b> | Enface imaging in macular hole surgery  | Dr Niroj Kumar Sahoo  |
| <b>2:00 pm</b> | Endoscopic viewing in VR surgery – where does it help?  | Dr Vivek Dave   |
| <b>2:10 pm</b> | What’s trending now?  | Dr Shristi Ramamurthy   |
| <b>2:20 pm</b> | <b>Discussion</b>   |   |
|                | Paediatric retinal imaging  | Panel:<br>Dr Subhadra Jalali<br>Dr Sameera Nayak<br>Dr Suman Sahu             |
| <b>2:30 pm</b> | Imaging pearls for paediatric retinal diseases  | Dr Anand Vinekar  |
| <b>2:50 pm</b> | Real-time tele-screening in ROP care  | Dr Tapas Ranjan Padhi   |
| <b>3:00 pm</b> | Non-contact ultra-widefield swept source OCT biomarkers in predicting treatment response to Anti-VEGF in Aggressive ROP | Dr Akash Belenje  |
| <b>3:10 pm</b> | What’s trending now?  | Dr Arjun Desai  |
| <b>3:20 pm</b> | <b>Discussion</b>   |   |
|                | Imaging in Retinal Infectious Diseases  | Panel:<br>Dr Avinash Pathengay<br>Dr Soumyava Basu<br>Dr Rajeev Reddy Pappuru |
| <b>3:30 pm</b> | OCT and OCTA in Retinal Infections  | Dr Francesco Pichi  |
| <b>3:50 pm</b> | OCT parameters of Ocular toxoplasmosis  | Dr Mudit Tyagi  |
| <b>4:00 pm</b> | Imaging TB granuloma  | Dr Anup Kelgaonkar  |
| <b>4:10 pm</b> | What’s trending now?  | Dr Shravya Chitturi   |
| <b>4:20 pm</b> | <b>Discussion</b>   |   |
| <b>4:30 pm</b> | Closing remarks and vote of thanks  | Dr Umesh Chandra Behera   |
