

So that all may see

LV Prasad Eye Institute

**LVPEI
UVEITIS
COURSE 3.0**

Learn in a
whole new way

ABOUT THE COURSE

Bridge the gap between theory and practice with our comprehensive 12-month online uveitis course comprised of eleven modules. Learn to master the art of diagnosing and managing uveitis through in-depth clinical observation, strategic laboratory investigations, and effective treatment options. Our expert faculty will guide you through real-world case scenarios, helping you confidently apply your knowledge in your clinical practice. Discover the nuances of uveitis and become a skilled practitioner in this complex field.

OBJECTIVE OF THE COURSE

To assist the participants in applying the knowledge of uveitis into clinical practice

SPECIFIC OBJECTIVES

- Identify and distinguish clinical signs in uveitis.
- Learn to classify uveitis into broad groups for systematic management of patients
- Learn to apply imaging modalities to diagnose, monitor and resolve ocular inflammation.
- To develop rational use of laboratory and radiological investigations
- To understand the judicious use of antimicrobials, steroids and immunosuppressive therapy in uveitis
- To understand the principles of cataract surgery in uveitis
- To differentiate masqueraders from uveitis.

WHO CAN TAKE THE COURSE?

- Anyone willing to deep-dive into uveitis
- Residents and fellows in training and looking to answer their 'basic' questions in uveitis
- Early-career practitioners looking for a head start in uveitis
- Mid- and Late-career practitioners who want to refresh their knowledge of uveitis and apply them practically in their clinics

COURSE STRUCTURE

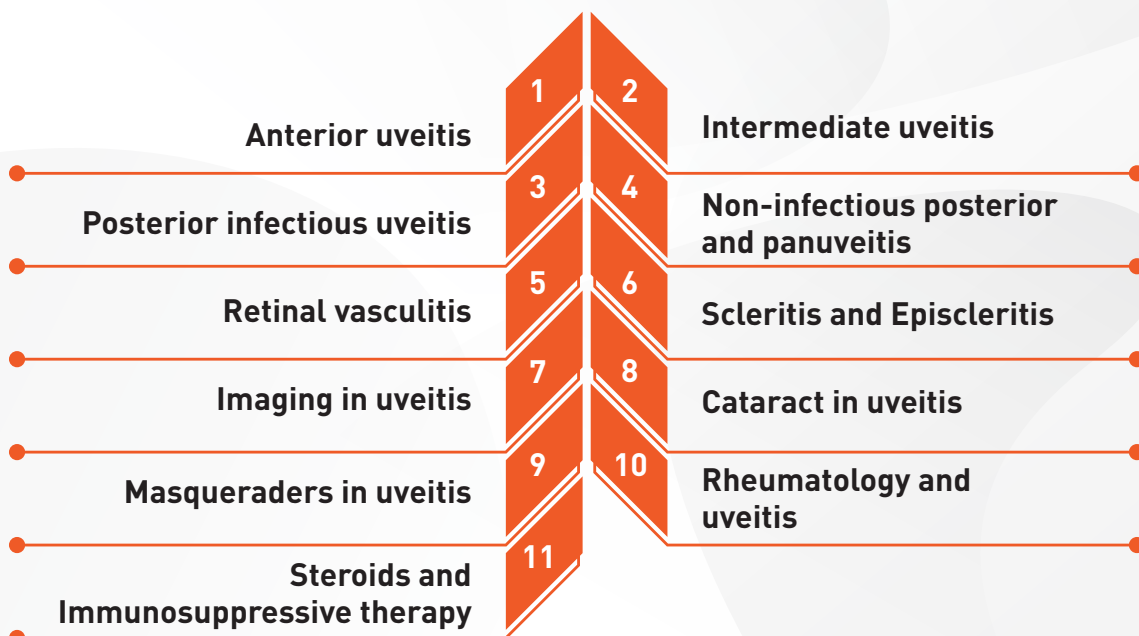

The course is divided into eleven modules, each covering a key topic in uveitis. The sessions will be online for one hour each, on **Saturday from 6:00 PM to 7:00 PM**.

The main components of this course would be:

- 1. Preparatory reading:** 2-3 important book chapters/review papers that will be shared with the participants to get them initiated into the topic.
- 2. 'U and I' session (60 mins):** Each module would have a few 'U and I' sessions. Each 'U and I' is a simple and easy-to-understand pattern of conversation between two faculty on the topic in which clinical signs, approach to diagnosis and treatment would be discussed.
- 3. Special interest group meetings (60 mins):** The team uveitis of LVPEI along with external faculty will dwell on the questions and queries submitted by the participants. Most common key questions, queries on the topic would be discussed in addition. These hour-long meetings would be bi-monthly.
- 4. Grand rounds - International/National (60 mins):** Fourth Saturday of each month. One case presentation from LVPEI and one from major uveitis centers.
